Handbook of the American Novel of the Nineteenth Century Apr 21 2022 This handbook offers students and researchers a compact introduction to the nineteenth-century American novel in the light of current debates, theoretical concepts, and critical methodologies. The volume turns to the nineteenth century as a formative era in American literary history, a time that saw both the rise of the novel as a genre, and the emergence of an independent, confident American culture. A broad range of concise essays by European and American scholars demonstrates how some of America's most well-known and influential novels responded to and participated in the radical transformations that characterized American culture between the early republic and the age of imperial expansion. Part I consists of 7 systematic essays on key historical and critical frameworks ? including debates about race and citizenship, transnationalism, environmentalism and print culture, as well as sentimentalism, romance and the gothic, realism and naturalism. Part II provides 22 essays on individual novels, each combining an introduction to relevant cultural contexts with a fresh close reading and the discussion of critical perspectives shaped by literary and cultural theory.

Records Management Handbook for United States Senators and Their Archival Repositories Aug 01 2020

Tennessee Government and Politics Feb 19 2022 Tennessee Government and Politics offers a timely and comprehensive new survey of the state's political evolution. The book is divided into four sections that cover the state constitution, the three branches of state government, politics in Tennessee, and current issues of public policy. Individual chapters by leading experts cover such topics as the state's political history, the evolution of the state court system, local government and politics, electoral turnout, and women in politics. Former Representative Jim Cooper contributes a chapter on congressional representation, and current policy is discussed in chapters on education, prisons, and foreign investment. With its concise historical analysis, up-to-date presentation of contemporary issues, and appended state constitution, Tennessee Government and Politics will serve teachers, politicians, government workers, journalists, and interested citizens as an essential reference book.

North Carolina History Aug 25 2022 The first extensive bibliography of North Carolina to include books, pamphlets, journal articles, theses and dissertations, dating from 1524 through 1992.

The Rise and Fall of Corporate Social Responsibility Sep 21 2019 Corporate social responsibility was one of the most consequential business trends of the twentieth century.

Having spent decades burnishing reputations as both great places to work and generous philanthropists, large corporations suddenly abandoned their commitment to their communities and employees during the 1980s and 1990s, indicated by declining job security, health insurance, and corporate giving. Douglas M. Eichar argues that for most of the twentieth century, the benevolence of large corporations functioned to stave off government regulations and unions, as corporations voluntarily adopted more progressive workplace practices or made philanthropic contributions. Eichar contends that as governmental and union threats to managerial prerogatives withered toward the century's end, so did corporate social responsibility. Today, with shareholder value as their beacon, large corporations have shredded their social contract with their employees, decimated unions, avoided taxes, and engaged in all manner of risky practices and corrupt politics. This book is the first to cover the entire history of twentieth-century corporate social responsibility. It provides a valuable perspective from which to revisit the debate concerning the public purpose of large corporations. It also offers new ideas that may transform the public debate about regulating larger corporations.

Atlantic Worlds in the Long Eighteenth Century Jun 11 2021 Innovative and multidisciplinary, this collection of essays marks out the future of Atlantic Studies, making visible the emphases and purposes now emerging within this vital comparative field. The contributors model new ways to understand the unexpected roles that seduction stories and sentimental narratives played for readers struggling to negotiate previously unimagined differences between and among people, institutions, and ideas.

A Companion to American Literature Aug 13 2021 A comprehensive, chronological overview of American literature in three scholarly and authoritative volumes A Companion to American Literature traces the history and development of American literature from its early origins in Native American oral tradition to 21st century digital literature. This comprehensive three-volume set brings together contributions from a diverse international team of accomplished young scholars and established figures in the field. Contributors explore a broad range of topics in historical, cultural, political, geographic, and technological contexts, engaging the work of both well-known and non-canonical writers of every period. Volume One is an inclusive and geographically expansive examination of early American literature, applying a range of cultural and historical approaches and theoretical models to a dramatically expanded canon of texts. Volume Two covers American literature between 1820 and 1914, focusing on the development of print culture and the literary marketplace, the emergence of various literary movements, and the impact of social and historical events on writers and writings of the period. Spanning the 20th and early 21st centuries, Volume Three studies traditional areas of American literature as well as the literature from previously marginalized groups and contemporary writers often overlooked by scholars. This inclusive and comprehensive study of American literature: Examines the influences of race, ethnicity, gender, class, and disability on American literature Discusses the role of technology in book production and circulation, the rise of literacy, and changing reading practices and literary forms Explores a wide range of writings in multiple genres, including novels, short stories, dramas, and a variety of poetic forms, as well as autobiographies, essays, lectures, diaries, journals, letters, sermons, histories, and graphic

narratives. Provides a thematic index that groups chapters by contexts and illustrates their links across different traditional chronological boundaries A Companion to American Literature is a valuable resource for students coming to the subject for the first time or preparing for field examinations, instructors in American literature courses, and scholars with more specialized interests in specific authors, genres, movements, or periods.

WALNECK'S CLASSIC CYCLE TRADER, JULY 2001 Jun 30 2020

Technology as Freedom Aug 21 2019 Before 1930, the domestic market for electrical appliances was segmented, but New Deal policies and programs created a true mass market, reshaping the electrical and housing markets and guiding them toward mandated social goals. The New Deal identified electrical refrigeration as a key technology to reform domestic labor, raise family health, and build family assets. New Deal incentives led to nearly fifty percent of Title I National Housing Act loans being used to buy electric refrigerators in the 1930s. New Deal policies ultimately created the mass commodity culture of home-owning families that typified the conservative 1950s. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1996.

Charles Brockden Brown Jun 23 2022 Spontaneous human combustion, ventriloquism, sleepwalking, secret societies, plague, doppelgängers, disguises, corpses, night burials, locked doors, and mysterious manuscripts—these are only a few of the Gothic devices that appear in the writings of late eighteenth-century American author, Charles Brockden Brown. Brown's work presents us with the dark underside to Enlightenment optimism as he questions the extent to which human beings can draw accurate inferences from sensory data and foresee the outcome of their actions. In advance of Washington Irving, James Fenimore Cooper, and Ambrose Bierce, he depicts the American frontier as a liminal zone fraught with danger. Looking forward to Charles Dickens, George Lippard, and even twentieth-century film noir, Brown establishes the city as itself a sort of labyrinthine wildness populated by insidious confidence men. Setting the stage for Edgar Allan Poe's fiction and latter Sigmund Freud's psychology, Brown powerfully represents the mind as inherently haunted as the unconscious, the stranger within, compels irrational and 'perverse' behavior. And well before Harriet Prescott Spofford, Charlotte Perkins Gilman, and contemporary authors such as Margaret Atwood and Angela Carter, Brown in his Female Gothic narratives vividly demonstrates the forms of violence and victimization to which women are exposed in patriarchal culture. Brown therefore was instrumental in developing and defining the Frontier Gothic, the Urban Gothic, the Psychological Gothic, and the Female Gothic. In this polemical introduction to Brown's work, Weinstock boldly asserts that Brown deserves renewed attention both for his historical significance and for the narrative force and intellectual depth of his writings.

Prophets of Order Jul 12 2021 A ground-breaking examination of technocracy from the early progressive movement, the Taylorites, and Veblen to Galbraith and contemporary

proponents of economic democracy.

The Petticoat Parade Jan 26 2020 Josie de Bray, aka Madam Monnier, aka Marie Louise Monnier, was a brothel madam who owned most of Roe Street, Perth from WWI up to the 1940s. A returned soldier tried to shoot her dead in her brothel in 1917 and her & 'bungalow' was at the centre of underworld violence in the 1920s. She returned to France before WWII to visit family and was bombed repeatedly out of homes there and captured by the Germans. She was a prisoner of war and one story has her in a concentration camp. She survived, returned to Perth in 1947 and took up business again in Roe Street, having made a fortune from the rent collected from her brothels while she was a prisoner of war, up until her death in 1953.

History of the George Washington Bicentennial Celebration Oct 27 2022

The Oxford Companion to United States History Dec 25 2019 Here is a volume that is as big and as varied as the nation it portrays. With over 1,400 entries written by some 900 historians and other scholars, it illuminates not only America's political, diplomatic, and military history, but also social, cultural, and intellectual trends; science, technology, and medicine; the arts; and religion. Here are the familiar political heroes, from George Washington and Benjamin Franklin, to Abraham Lincoln, Woodrow Wilson, and Franklin D. Roosevelt. But here, too, are scientists, writers, radicals, sports figures, and religious leaders, with incisive portraits of such varied individuals as Thomas Edison and Eli Whitney, Babe Ruth and Muhammed Ali, Black Elk and Crazy Horse, Margaret Fuller, Emma Goldman, and Marian Anderson, even Al Capone and Jesse James. The Companion illuminates events that have shaped the nation (the Great Awakening, Bunker Hill, Wounded Knee, the Vietnam War); major Supreme Court decisions (Marbury v. Madison, Roe v. Wade); landmark legislation (the Fugitive Slave Law, the Pure Food and Drug Act); social movements (Suffrage, Civil Rights); influential books (The Jungle, Uncle Tom's Cabin); ideologies (conservatism, liberalism, Social Darwinism); even natural disasters and iconic sites (the Chicago Fire, the Johnstown Flood, Niagara Falls, the Lincoln Memorial). Here too is the nation's social and cultural history, from Films, Football, and the 4-H Club, to Immigration, Courtship and Dating, Marriage and Divorce, and Death and Dying. Extensive multi-part entries cover such key topics as the Civil War, Indian History and Culture, Slavery, and the Federal Government. A new volume for a new century, The Oxford Companion to United States History covers everything from Jamestown and the Puritans to the Human Genome Project and the Internet--from Columbus to Clinton. Written in clear, graceful prose for researchers, browsers, and general readers alike, this is the volume that addresses the totality of the American

experience, its triumphs and heroes as well as its tragedies and darker moments. *Wieland and Memoirs of Carwin the Biloquist* Oct 23 2019 A terrifying account of the fallibility of the human mind and, by extension, of democracy itself, *Wieland* brilliantly reflects the psychological, social, and political concerns of the early American republic. In the fragmentary sequel, *Memoirs*, Brown explores Carwin's bizarre history as a manipulated disciple of the charismatic utopian Ludloe. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Catalog of Copyright Entries. Third Series Sep 26 2022

Crime and the Nation Jul 24 2022 *Crime and the Nation* explores the correlation between fiction writing and national identity in the late eighteenth century when these two enterprises went hand in hand. The 1780s and '90s witnessed a spirited public debate on crime and punishment that produced a new kind of fiction and a new kind of prison. The world's first penitentiary-style prison opened at Philadelphia in 1790. At the same time jurists, reformers and fiction writers found new uses for the criminal. Suddenly, he was fascinating, he was edifying to the community, he was worth displaying and reforming. In a young nation whose very origins were perceived as criminal, yet clearly necessary and ultimately redeemable, crime emerged as an essential-and controversial-component of national identity. *Crime and the Nation* explores the nature of that identity, and the origins of America's unique and enduring love affair with crime and crime fiction.

The Religion of the Heart Mar 20 2022 In 'The Religion of the Heart,' Campbell provides a critical but sympathetic analysis of the European and British pietistic movements of the seventeenth and eighteenth centuries. Campbell shows that a definitive form of religious life emerged during the period of inter-Christian warfare in the seventeenth century that was characterized by personal affection for God. Campbell explores these religious movements parallel to the rise of Enlightenment thought and examines their importance in relation to our understanding of modern religious movements.

Congress And The Decline Of Public Trust Apr 28 2020 Since the late 1960s, trust in government has fallen precipitously. The nine essays composing this volume detail the present character of distrust, analyze its causes, assess the dangers it poses, and suggest remedies. The focus is on trust in the Congress. The contributors also examine patterns of trust in societal institutions and the presidency, especially in light of the Clinton impeachment controversy. Among the themes the book highlights are the impacts of present patterns of politics, the consequences of public misunderstanding of democratic politics, the significance of poll data, and the need for reform in campaign finance, media practices, and civic education.

Teaching the Gothic Dec 05 2020 *Teaching the Gothic* provides a clear and accessible account of how scholarship on the Gothic has influenced the way in which the Gothic is taught. The book examines a range of topics including Gothic criticism, Theory,

Romantic Gothic, Victorian Gothic, Female Gothic, Gothic Sexualities, Gothic Film and Postgraduate developments.

George Washington's Washington Jan 18 2022 This book traces the history of the development, abandonment, and eventual revival of George Washington's original vision for a grand national capital on the Potomac. 'George Washington's Washington' is not simply a history of the city during the first president's life but a history of his vision for the national capital and of the local and national conflicts surrounding this vision's acceptance and implementation.

Declarations of Independency in Eighteenth-century American Autobiography Sep 02 2020 In this ambitious work, Susan Clair Imbarrato examines the changes in the American autobiographical voice as it speaks through the transition from a colonial society to an independent republic. Imbarrato charts the development of early American autobiography from the self-examination mode of the Puritan journal and diary to the self-inventive modes of eighteenth-century writings, which in turn anticipate the more romantic voices of nineteenth-century American literature. She focuses especially on the ways in which first-person narrative displayed an ever-stronger awareness of its own subjectivity. The eighteenth century, she notes, remained closer in temper to its Puritan communal foundations than to its Romantic progeny, but there emerged, nevertheless, a sense of the individual voice that anticipated the democratic celebration of the self. Through acts of self-examination, this study shows, self-construction became possible. In tracing this development, the author focuses on six writers in three literary genres. She begins with the spiritual autobiographies of Jonathan Edwards and Elizabeth Ashbridge and then considers the travel narratives of Dr. Alexander Hamilton and Elizabeth House Trist. She concludes with an examination of political autobiography as exemplified in the writings of John Adams and Thomas Jefferson. These authors, Imbarrato finds, were invigorated by their choices in a social-political climate that revered the individual in proper relationship to the republic. Their writings expressed a revolutionary spirit that was neither cynical nor despairing but one that evinced a shared conviction about the bond between self and community.

Congressional Record Index Jan 06 2021 Includes history of bills and resolutions.

Business Law Feb 25 2020 This first edition, written by the same authors of the Anderson family of texts, re-positions Anderson's Business Law of the Regulatory Environment, 14e by incorporating all relevant UCC Sections into the text. Building on the tradition of Anderson, this book retains the tradition of accuracy, depth and contemporary perspective. Its cases are excerpted, relevant and interesting. The UCC coverage provides the student with the code language when reading applicable portions of the text. This text meets AACSB requirements and offers complete coverage for CPA preparation, featuring ethics, public policy and the Internet.

Better in the Poconos Oct 03 2020 When Antoine Dutot opened the Kittatinny Hotel&—the first tourist hotel in the Poconos&—in 1829, little did he know that he was a pioneer in what would become one of the largest and most diverse tourist and recreation areas on the East Coast. Although his initial venture failed, the tourist industry of the Poconos has been a long-term success, evolving and adapting to change. Better in the

Poconos tells the story of Pennsylvania's premier vacationland from its earliest days to the present. The flourishing tourist and resort industry in the Poconos can be attributed, in part, to the area's splendid mountains, streams, and forests. But the timeless appeal of nature was matched, and even surpassed, by the resorts' ability to redefine themselves. In the mid-nineteenth century, William Cullen Bryant depicted the Pocono region as a hunter's delight, describing abundant game and sublime landscapes. The Victorian era, however, brought genteel carriage rides and croquet; later, specialized ethnic resorts catered to the minority populations of Philadelphia and New York; and in the 1940s and 1950s, the Poconos earned its reputation as a honeymoon paradise. This evolution continues today: the land of romance has given way to the ski resorts and water slides enjoyed by today's vacationing families. Poconos resort owners and innkeepers have long recognized the cutthroat competition inherent in the vacation business. Early on, they realized that they were vying not only with each other but also with other resorts—first in the Catskills and on the New Jersey shore, and then in Florida, in the Caribbean, and even in Europe. *Better in the Poconos* illustrates the strategies by which resorts in northeastern Pennsylvania responded to these market forces. They were compelled to provide superior service and amenities as well as novel amusements and activities for their guests. In the latter half of the twentieth century, for example, "super-resorts" started to supplant the old hotels: the new resorts could offer year-round activities, thanks to the invention of artificial snow. Similarly, honeymoon hotels declined as couples resorts—retreats that boasted such innovations as the heart-shaped bathtub and the Jacuzzi in the shape of a tall champagne glass—emerged on the Poconos scene. *Better in the Poconos* recreates that scene and the people who brought it to life—not only the innkeepers, souvenir sellers, laborers, and service workers, but also the community leaders and visionaries who promoted the vacation economy and sought to guide it. The proper Victorians, the devoted sportsmen, the young newlyweds, the families and singles, the staid ladies of the Women's Christian Temperance Union (and the sinners whose vices they wished to temper), the members of the Ku Klux Klan, the rich Quakers, the Jewish socialists, and the immigrants—all these, and more, make up the humanly rich mosaic of the Poconos.

Records Management Handbook for United States Senators and Their Archival Repositories Nov 28 2022

Oldest Cincinnati Nov 16 2021 Late in the 18th-century, people began to head west in America in search of new frontiers and new lives. Many of them, including immigrants, found their way down the Ohio River to Cincinnati, Ohio, the "Queen City of the West." In *Oldest Cincinnati*, follow their journey and learn the story of the city as you've never heard it before. Read about a ferry that helped early settlers cross the Ohio River to Augusta, Kentucky, began in 1798 and that's still in business today. Likewise, a stagecoach inn that began providing shelter for early travelers opened in Lebanon, Ohio, in 1803 continues welcoming guests to this day. As one of the first settlements in the Northwest Territory, called "Losantiville" before it was dubbed Cincinnati, there are still many "firsts" and "oldests" to be found locally. The first museum—focused on natural history and science—was launched in 1818. It's now located in Cincinnati's oldest train station. In 1866 the oldest bridge across the Ohio River connected downtown Cincinnati

to Covington, Kentucky. The oldest art museum west of the Allegheny Mountains opened in 1881. While the character of Cincinnati dramatically changed in the mid-19th century as German immigrants came in waves, the city would continue to boom culturally. They brewed beer, of course, but they also loved music, launching the oldest choral music festival in the Western Hemisphere. Local historian and author Rick Pender goes to great lengths to research and pay homage to more than two centuries of Cincinnati's oldests, firsts, and finest. Read about all of these and more in this informative book that brings history and people to life.

Senate History May 22 2022

Schoolbook Nation May 30 2020 In an ambitious survey of the nation's history textbooks, the author looks back on 150 years of history instruction in America, tackling 100 primary texts used to instruct, inform, propagandize, and deceive the nation's youth throughout the nation's short life-span. (Education)

First Ladies of Springfield Dec 17 2021

Ranking Faiths Mar 28 2020 *Ranking Faiths: Religious Stratification in America* discusses how religion shapes access to power, privilege, and prestige in the U.S., both historically and today. James D. Davidson and Ralph E. Pyle dispel the idea that the U.S. was founded on the principle of religious equality for all, documenting how religion has been a factor in the allocation of power from the colonial period through the present. From the time of the earliest settlements in America through today, the book demonstrates that some religious groups have had more access to economic, political, and social rewards than others, and they have benefited from laws and customs that have maintained religious inequality over time. While a few religious groups, such as Catholics and Jews, have experienced significant upward mobility over time, the social status of most has remained remarkably static over time. The book shows how religious inequalities developed, highlight where they remain in society today, and discuss what Americans can and should do about it.
